**Subject: Learn How This Young Girl Went From Living Homeless To Running A 7-Figure Business**

Hi {name},

Yes. You heard it correct.

She had just graduated from medical school at the time, **with no money in the bank, and an \$80,000 student loan on her shoulder.**

She will be our next guest on tomorrow's interview, **her name is Julie Schwartz.**

*"Ok ok... But how did she make the jump?"*

Well, she had her realization on Christmas Day, while collapsing in humiliated tears on the floor futon, because alone and with no money for food...

... It was in that exact moment that she began to **focus on changing her higher consciousness in relation to resources**, while designing a system for improving her life.

Next thing you know... A unique **road map to success** was born, a success that cannot be measured by money and dollars but means there is no stress about money and dollars.

Within only a few short years of following this road map day and night, Julie was living in her dream home, debt-free and with a steady six-figure income.

And the best part?

She refined and **integrated that same road map into the Current-Sea of Money course** and she made it available to the world.

Fast forward to today, **thousands of people are reaping off those same benefits!**

This is what they are saying:

*"I myself have witnessed the magic of Julia's teaching... Millions of people from all walks of life are sure to benefit from the power of their hearts thanks to Julia! I am honored to be one of them."*

- Anne Marie Howard, Actress

*"I want to thank you for all that I have received in such a short period of time. I have benefited more from this than anything yet! "*

- Holly J. Dance Studio Owner

*"Julia provided me with tools and a level of empathy and insight into my experience that was astonishing. At times, Julia's methods struck chords of truth with me that will never leave and empowered me to continue on my healing path."*

- Dani Katz, author

Hi X,

- How would you like getting out of debt and feeling free in your relationship to money?
- **Tired of experiencing negative emotions** like procrastination and self-doubt?
- What if you could **wake up every morning feeling purposeful and fulfilled?**

You see, most courses you'll find online only focus on giving you a short-term solution.

The problem with this approach is that they barely scratch the surface.

The GENIUS of Julia is that she designed a course that **focuses on changing your inner self at the root of the root**. As one student, Gina said:

*"If you've tried everything this is not one more thing. It is THE THING that will make everything else you've tried work."*

**REMINDER:** In one hour We will interview Julia Shwartz on the Current-Sea of Money!

- Michael D.

*"**Ground-breaking work Julia!** You fill a gap I hadn't even realized existed until I tuned-in to your amazing Current Sea of Money sessions delivered from your heart to mine. **What an awakening!** ....I feel like you've unraveled an impossible knot and freed up a lot of energy that is now flowing in support of my true values in life. Hello again X,

We had a blast yesterday on our interview with Julia!

In less than a day, **Hundreds and hundreds of people took the first step toward a life of prosperity and fulfillment.**

Throughout the live event, we gave clarity to people on how to identify their internal struggles with money and how to come into the right relationship to resources from the heart.

Some of the main benefits people are reportedly starting to experiencing:

- I wake up and I Look forward to the day ahead! Every single day.
- I'm feeling lighter, calmer, and happier! The weight is lifted.
- I'm energetic and excited throughout my day-to-day life.

These emotions are being **experienced by thousands and thousands of people after purchasing learning about Julia's techniques.**

It is not a joke when I say that this will transform the way you go about life.

**But look, you don't have to take my word for it,** this is what people are saying:

***"As I reflect back on all my training the year with Julia has proven to be one of the most amazing and life changing. Julia is a master at what she does and a gift to so many. I am deeply grateful to her and what she brought to our planet."***

- Julie H

***"The Current Sea of Money class has helped me to take a deeper look into what I value, why I value it and how it reflects my core values while supporting my blueprint to unfold. I now find myself asking different questions around spending and this class sure made me experience the holidays from a more conscious emotional place than ever before. And since the New Year began, I have let go of some activities for money's sake and replaced those activities with more caring, sharing, loving uses of my time, talents and services. **Needless to say, I am happier and feeling more fulfilled. Thank You for this enlightening class and for your intuitive guidance."*****
